EZ Baccarat has announced that its online game is now available for the first ti

me in multiplayer tables enabling players to interact with others at a table and

bringing the all-important social context of baccarat into play.

The EZ Baccarat multiplayer game, the only game on the Internet to have a virtu

al shoe the JadeShoe that does not shuffle after every hand permitting the p

layers to follow the five Roads.

The EZ Baccarat multiplayer game is the latest strategic development for the wor

ld's leading baccarat brand.

EZ Baccarat is available in land-based casinos and on multiple platforms includ

ing online as a real-money and simulated game, on live dealer multiplayer termin

als and in development for electronic table games.

"The JadeShoe emulates a real-world baccarat game experience for the online

game that makes EZ Baccarat more fun to play while rendering card-counting impr

actical," said Francisco Tejada, co-creator of EZ Baccarat.

"Most importantly, with this innovation, EZ Baccarat is the only virtual b

accarat game that enables players to follow the traditional patterns or "Roads"

an essential ingredient for the players' enjoyment of the game.
